Overview

Founded in 1975, M S International, Inc. is the leading distributor of countertop, flooring, wall-tile and landscaping products in North America. Headquartered in Orange, California, MSI also maintains nineteen state-of-the-art distribution centers in the U.S. and Canada. Our product line includes porcelain, granite, marble, travertine, slate, sandstone, quartz, limestone, quartzite, porcelain, ceramic, sinks, and glass imported from 36 countries in six continents. We also maintain overseas purchasing offices in India, Turkey, Brazil, China and Italy.

MSI's mission statement is clear: work with customers to enhance the homes and projects of consumers in North America by providing a wide selection of products that are innovative, affordable, and accessible from a single supplier. With over 75 million square feet of inventory, our scale and efficiency enables us to provide competitive pricing with the quickest delivery times.

Our nationwide sales force encompasses all major channels of distribution including:

- Hard Flooring Dealers
- Mass Merchants
- Landscaping Dealers
- Architects
- Fabricators
- Soft Flooring Dealers
- Contractors
- Designers
- Builders
- Hospitality
- Commercial Projects
- Building Supply Yards

Our top priority is providing the highest level of customer service in the industry. MSI strongly believes that we are in the information business. Our worldwide team of over 1,000 employees seeks to provide you with all the tools and information required to promote our products. In addition, MSI's state-of-the-art information systems provide you with the most accurate real time information on inventory availability, lot level pictures, status of shipments, and pricing. MSI's ongoing product knowledge seminars help in training your sales force.

We also have the ability to offer you advanced merchandising display systems and custom tailored packaging to aid in merchandising. Our website contains the most up-to-date information on our products including pictures, room scenes, sizes available and technical specifications. The website also has a material selector, the most advanced material search engine in the industry. Finally, our website offers the most up-to-date news and information on MSI.

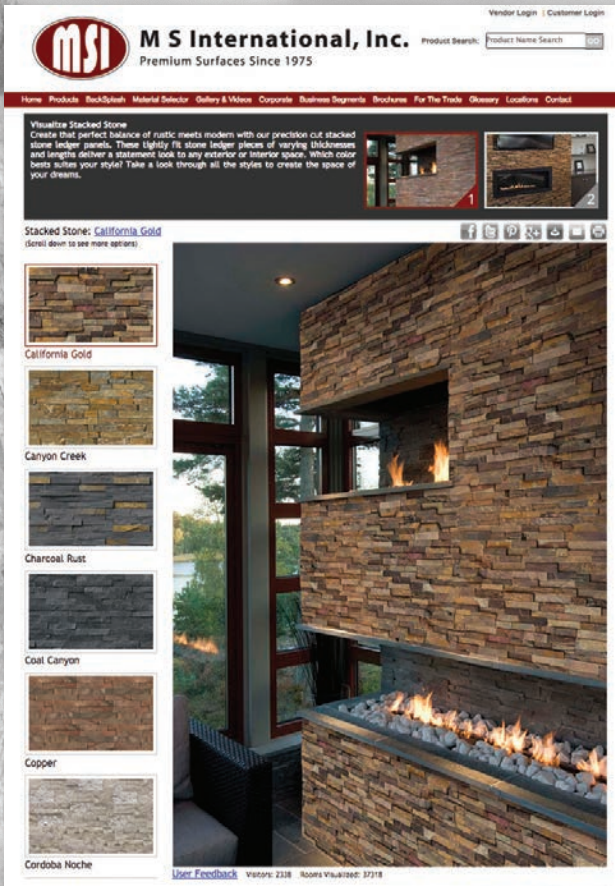

We are experts in special projects, sizes, colors and finishes. Order containers, pallet quantities, or cut orders through our nationwide network of distribution centers.

Natural stone is Mother Nature's art formed over millions of years by water, minerals, heat and pressure. Selected from the finest quarries from around the world, our Stacked Natural Stone Ledger Panels are made of 100% genuine stone guaranteed to stand the test of time.

Stacked Natural Stone panels add warmth, texture, and drama to your home. These can be used on the facade of a home to enhance the appeal, outside to showcase a barbecue island, on a backsplash to spruce up a kitchen or inside to beautify an interior wall.

Pavers

Tuscany Riviera 6"x12"

The sky is the limit when it comes to designing with pavers. There are many varieties on stone type, shape, and pattern. You can create a rustic hideaway or an ultra-modern Zen garden using pavers. Choose from chiseled edge, honed and unfilled, mini patterns and more to add a charming variability to the overall aesthetic.

Versailles Patterns

Porcini 16 Sqft Per Kit

Have you ever walked on a rustic-looking stone floor of multi-sized tile and wondered what it was? It could have been versailles pattern tiles. Also called French pattern, it is composed of four different sized tiles and can be used in interesting patterns on your floor or wall. With different edge treatments available the pattern can be used in a modern or traditional setting.

Vendor cannot be held liable in any case of action resulting from the product use in any form. The purchaser must determine suitability and maintainability of the material for any use. The vendor makes no expressed or implied warranty of fitness for any particular purpose.

Natural stone products inherently are subject to variation in aesthetics, color shade, finish tint, hardness, strength, slip resistance, density, etc. Natural stone may be characterized by dry seams, pits, and fossils. The voids are often filled at the factory or with grout during installation; however, over time the fill may work its way out of the voids and it may be necessary to have them refilled as part of a proper maintenance program.

Using a natural stone sealer after installation is recommended. Natural stone should be cleaned with neutral cleaners. Do not use abrasive cleaners or sponges or cleaning agents with strong chemicals as this may harm the material. The vendor disclaims any liabilities after installation.
